## CONTENTS

**121** EDITOR'S LETTER

**124** AGS SPONSORS  
EDINBURGH TRAINEE

Alex O'Sullivan has been chosen as an AGS-funded trainee at the Royal Botanic Garden Edinburgh.

**126** A SUSSEX GARDEN

Peter Erskine looks at some of the gems that bring particular pleasure in his plantsman's garden.

**139** CHOICE CAPE BULBS

George Elder explains how he grows *Strumaria* and *Hessea*, two genera of South African bulbs.

**152** BENTS AND SEDGES

Robert Rolfe assesses some of the most desirable grasses that harmonise well with woodland and alpine plants.

**174** THE RED CENTRE

Hilary and Austin Little explore the Australian desert's vibrant plants.

**204** ISTANBUL'S NEW  
CREVICE GARDEN

An extensive new crevice garden has taken shape on a site overlooking the Turkish capital. Büşra Darama Kaçar, one of its creators, reports.

Indicates practical or cultivation advice

**216** A JOURNEY  
THROUGH IRAN

Jørn Dannesboe and three Danish friends travel to the Zagros Mountains to witness the remarkable flora.

**230** CORYDALIS  
AND OTHER  
PRIZE EXHIBITS

The cultivation of *Corydalis*, PLUS superb specimens from this year's AGS South Wales, Pershore Early, Loughborough, Kendal and South West shows.

### COVER PHOTOGRAPHS

**FRONT** *Swainsona formosa* (Hilary and Austin Little).

**BACK** *Crocus sieberi* 'Ronald Ginns' shown by Ian Robertson at this year's AGS Pershore Early Show (Jon Evans).

### ON THESE PAGES

**LEFT** *Iris iberica* subsp. *lycotis*; *Roscoea humeana* f. *lutea* SICH1027; *Gossypium sturtianum*.

**RIGHT** A new crevice garden in Istanbul; grasses in a mixed planting at Wildside, Devon; *Corydalis verticillaris* shown by Bob and Rannveig Wallis at this year's AGS South Wales Show.
