

## AGS Dorset Group: Treasurer's report 2020

As you are all aware, most activities in 2020 were severely affected by the outbreak of COVID-19. Nevertheless we were able to hold two meetings and our local show before lock-down in mid March, as well as a socially-distanced bulb sales event in September. Sales of plants were outstanding, and we ended the year with a surplus of £603.99. That was helped by not having the major expense of hall hire as after March no meetings were held, and by paying reduced speaker fees and no travel costs. We have continued with a programme of talks using "Zoom", and speaker fees, where charged, have been shared with the Hampshire and West Sussex local groups.

We started 2020 with a membership of 80, and over half have paid their annual subscription; we are very grateful for this support. A very big thank you to you all.

Peter Dixon

Treasurer,

Dorset AGS Group
