

ALPINE GARDEN SOCIETY

MAIN SEED DISTRIBUTION 2022 - 2023

PLEASE READ THESE NOTES CAREFULLY BEFORE COMPLETING YOUR ORDER

All members applying for Main Distribution Seed are entitled to 23 packets. Donors who contributed at least 7 different types of seed by the closing date will receive 30 packets and priority ordering. Other helpers (packers, seed receivers and order pickers) will also receive 30 packets but no priority. Please list your choices in numerical order and fill in the boxes from left to right. If you require the full quota you must complete all relevant boxes on the order form overleaf to provide sufficient alternatives, or it may not be possible to send the full quota. If you do not complete all the boxes, we will assume that you are happy to receive a reduced allocation if all your choices are not available. Family members of the AGS may each request a main seed allocation, but they must use two forms, and choose two totally different blocks of numbers. Please photocopy or scan the original if you require a second order for a family membership.

Orders for seed must be received as soon as possible but no later than 6th January 2023. Surplus seed distribution will start immediately following the Main Distribution. Orders from donors are dealt with before non-donors. In order to obtain this priority, seed request forms must be received before 9th December 2022. Donor orders received after this date will still get priority over non-donors on a daily basis. Allowances are made for Overseas postings.

ALL UK MEMBERS are required to pay £10 for Main Distribution seed.

OVERSEAS MEMBERS, including family memberships will receive **one** Main Distribution as part of their membership payment. If family memberships would like a second order, then there is a charge of £10 for the second order.

Payment for seed may be made online, **OR** by sterling cheque, We can no longer take seed payments by direct debit. Cheques should be made payable to 'The Alpine Garden Society'. We cannot accept non-sterling cheques.
