THE ALPINE GARDEN SOCIETY

Members of the group are encouraged to join the parent national organisation. The Alpine Garden Society was founded in 1929 with the aim of promoting an interest in all aspects of alpine plants, their cultivation in rock gardens and plant conservation in their natural habitats. We are one of the largest specialist garden societies in the world. Membership includes amateur gardeners, plant enthusiasts, professional growers, botanists, naturalists, photographers and artists, as well as those who are just beginning to discover the fascination of alpinism. To find out more about the Alpine Garden Society you can visit www.alpinegardensociety.net or talk to one of our members.
